

A large, irregularly shaped piece of light-colored paper is torn from a brick wall. The paper is heavily textured and shows signs of wear, including creases and small holes. It is tilted slightly to the left. In the center of the paper, the words "JustOrgYou" are written in a bold, red, sans-serif font. Below this, the words "a detective story" are written in a smaller, red, cursive-style font.

A black and white photograph of a vintage typewriter. The typewriter is positioned in the foreground, slightly angled, with its carriage and keys visible. In the background, there's a dark, out-of-focus area that appears to be a window or a doorway. Overlaid on the right side of the image is a large, semi-transparent white rectangle. Inside this rectangle, the word "Slow" is written in a small, black, sans-serif font at the top. Below it, the words "Not future-proof" and "Require internet" are stacked vertically in a larger, bold, black, sans-serif font.
